MAKE-A-WISH[®]

The Make-A-Wish Foundation is an international non-profit organization that grants the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy.

The Foundation was founded in 1980 in Phoenix Arizona. A small group of people helped a very ill little boy achieve his wish-to be a state trooper for a day. Currently there are 66 chapters in the U.S. and 28 international affiliates.

The Greater PA chapter has grown steadily with the help of caring people who volunteer their time and support. Thirteen wishes were fulfilled in the first year. Now, 25 years later, more than 10,000 wishes have been completed. At any given time, there are between 450 and 500 wishes pending.

The average cost of a wish is \$3,400.00. This is based on a cost of a trip to Disney World for a family of four staying seven days and six nights. The most popular wish (made by nearly half the children) is for a trip to Disney World in Orlando Florida. Other popular wishes include shopping sprees, computers, celebrity meetings and trips.

The Foundation encourages the entire family to be part of the wish experience, knowing that parents and siblings need magic just as much as the wish child. Throughout the year, the chapter also provides wish families with invitations to special events and free admission to local activities.
